Sub-account name

(Account type may affect account name structure)

Usage for assets

(please select the appropriate category)

- For proprietary assets
- For third party assets – Segregated⁹:

For segregated third party assets, please indicate the details of the underlying client (to be recorded in the CBF business partner register):

Underlying client name

Country

- For third party assets – Omnibus¹⁰:

The Omnibus account is used to co-mingle the interests of several underlying clients with no single entity/individual having a predominant and continuing interest in the assets portfolio.

6. Accounts in favour of ECC can only be in the name of the Institution Clearing Member.

7. Depending on the chosen purpose of the CBF Pledged-Securities Account, CBF assigns a predefined account name to the account. To differentiate between multiple CBF Pledged-Securities Accounts for the provision of margin collateral, the Clearing Member can optionally fill in a free-text field. The information provided in the free-text field will be reflected in the account name.

8. CBF-i accounts are the 6-series accounts on the Creation platform, which are technically and legally independent and governed by German law.

9. Subject to prior approval by CBF.

10. Omnibus accounts for third party assets are intended to facilitate the operations of professional securities intermediaries. CBF may require disclosure of the identities of any underlying clients having a continuing interest of 25% or more in the value of the assets deposited. In cases where there is such a predominant interest, the assets may be deposited on a separate, segregated client account.

Delivery versus payments (DvP)¹¹

- We wish to participate with the requested sub-account in DvP.¹²
- We do **not** wish to participate with the requested sub-account in DvP.

T2S Auto-Collateralisation (T2S Auto-Coll) Service

(Please configure the service on the T2S platform.)

In order to be able to use this service:

- The use of the T2S Auto-Coll Service at the national central bank (NCB) must be requested.
- The BIC of each Collateral Providing Account must be added to the Primary Credit Memorandum Balance (CMB) of the corresponding DCA¹³.
- An individual minimum amount for T2S Auto-Coll instructions can be specified at the national central bank (NCB).

- T2S Auto-Coll Service is requested.

To set up the T2S Auto-Coll Service on the T2S platform, the account must be earmarked. Please select one of the following earmarking options:

- EXXX (T2S Auto-Coll Service for all currencies – recommended)
- EEUR (T2S Auto-Coll Service for Euro only – cannot be used if the account will also serve as a Collateral Receiving Account for T2S Client-Collateralisation)

In order to enable the T2S Auto-Coll Service, please enter the DCA for the sub-account:

_____ - _____
 DCA reference NCB acting as T2S Auto-Coll Receiver (DE, AT, FR etc.)

- T2S Auto-Coll Service is not requested.

This service can be configured at any time in the future. If requested, a transformation procedure involving the T2S Actors applies.

Free of Payment Matching¹⁴

(If T2S Auto-Coll Service is requested, only active matching is possible.)

Please answer for both, retail and wholesale:

- Retail: Active matching (default option) Passive matching
- Wholesale: Active matching (default option) Passive matching
