

Client Data Sharing Summary

Clearstream Fund Centre S.A. (CFCL) is an entity supervised by the Commission de Surveillance du Secteur Financier (CSSF), including supervision on outsourcings and the sharing of Client Data to be in line with applicable laws and regulations. Subject to the terms of the General Terms and Conditions and the conditions of applicable laws and regulations, CFCL may share Client Data and outsource tasks. CFCL has stringent control mechanisms in place ensuring Client Data is only shared on a “need to know” and “least principle” basis. Affiliates and other third parties who have access to Client Data are either subject by law to professional secrecy or be bound by appropriate confidentiality terms; this includes as well, any third-party providers of IT platforms or cloud infrastructures regardless of whether they may exceptionally have access to Client Data in the scope of support or maintenance activities.

CFCL and other Affiliates of Deutsche Börse AG use a common platform tool for the performance of anti-money laundering (AML), countering the financing of terrorism (CTF) and know-your-Client (KYC) duties to ensure regulatory compliance. To the extent the Client is or becomes prospect or Client of other Affiliate(s), this platform also provides for specific sharing of Client Data between the relevant entities; such data being limited to the Client’s AML, CTF and KYC data, as required by applicable laws, regulations, and internal policies.

While other third-party services providers may be used, CFCL mainly delegates tasks and shares Client Data within the internal operating framework of Deutsche Börse Group, and here primarily with

- Clearstream Fund Centre S.A., Cork Branch (Ireland);
