Introduction

This Cash Timings Matrix is a quick reference guide for settlement currencies eligible in Clearstream Banking Luxembourg (CBL) via the Creation platform.

Settlement and cash deadlines are aligned with local times such that CBL takes Daylight Saving Time (DST) changes around the world into account when setting its Central European Time (CET) deadlines. This enables clients to benefit from extended CET deadlines whenever possible. (Unless otherwise indicated, all timings are given in CET.)

A new version of this document will be available in October each year.

For more detailed information about the domestic cash and securities services provided by Clearstream Banking, please refer to www.clearstream.com under Products and Services / Market Coverage.

Note: Clients are reminded that CBL reserves the right to return to the remitter any funds paid to cash accounts not included in this Cash Timings Matrix. CBL shall not be held liable in any manner whatsoever for any claim arising out of or related to such return.

Cancelling/amending cash instructions

Clients can cancel or amend a cash instruction already sent to CBL provided that the new instruction is received before the relevant deadline. Instructions that are still in suspense can be cancelled or amended by clients (although pre-advices cannot be cancelled after the earliest deadline for the value date given in the pre-advice of funds instruction).

Instructions are considered by CBL to be irrevocable and cannot be cancelled once they have been released for settlement in a domestic market or reported in the General Report.

Cash instruction deadlines

Standard deadlines apply to cash instructions submitted via all connectivity media. Cash instruction deadlines vary according to currencies and markets.

Currencies accepted in CBL are divided into same-day and next-day currencies.

For same-day currencies (VD), the instruction deadline occurs on requested value date and the instruction is eligible for cash settlement for same day value.

For next-day currencies (VD-1 and VD-2), the instruction deadline is before requested value date and the instruction is not eligible for cash settlement for same day value.

The deadlines shown in the Matrix are valid provided that the client's instructions are complete, accurate and eligible for straight-through processing (STP) in CBL and in the local market. Clients must also ensure that any necessary provision is available. If any of these criteria are not met, CBL cannot guarantee timely settlement.

Abbreviations used in the Matrix

SD	Settlement Date.
VD	Value Date (the date applied by CBL for the purposes of interest calculation to funds debited from or credited to an account).

Cash Timings Matrix

ISO code and currency	ICC ^a Cash correspondent bank (CCB)	CBL cash account number	Swift BIC	Period	Pre-advic ^b for Value Date (VD) = Settlement Date (SD)	Withdrawal	Transfer	FX	Interest day count basis
-----------------------	--	-------------------------	-----------	--------	---	------------	----------	----	--------------------------

Notes:

- a. ICC: CBL Internal Currency Code.
- b. Pre-advices of funds submitted by the recommended deadline of 16:00 may benefit from a pre-processing credit line review.
- c. **ARS**: Please refer to the [Market Link Guide](#) for CBL CBU and CDI codes.
- d. **ARS**: Unpublished BIC: the use of this code is subject to mutual agreement.
- e. **CNY**: Clearstream only provides settlement and clearing services for CNY via its cash correspondents. Clearstream does not maintain a CNY cash account in mainland China. Clearstream only supports the conversion of CNY between Hong Kong and mainland China via Bank Of China (Hong Kong) for China Interbank Bond Market investment. For details, please refer to Settlement Services under CIBM page of the Creation Link Guide - China. The CNH code is commonly used as a reference to the offshore Chinese Renminbi (CNY) in Hong Kong, but is not recognised by ISO.
- f. **HUF**: The deadline for MT103 withdrawal instructions is VD 15:00.
- g. **IDR**: Due to limited market liquidity, withdrawals of IDR with countervalue above IDR 250 billion must be instructed by VD-1 09:00/10:00. Withdrawals instructed for such amounts after the VD-1 09:00/10:00 deadline up until VD 06:00/07:00 will settle with good value on a "best efforts" basis only and may therefore be delayed until the following business day.
- h. **IDR**: CBL may be forced to square the FX positions in the domestic market, therefore, the instruction deadline for the case-by-case FX service in IDR is 08:00 CET Winter (VD-1) and 09:00 CET Summer time (VD-1), subject to a threshold limit of IDR 50 billion for Buy instructions. For instructions above this threshold limit or received after the instruction deadline, CBL will execute the FX operation according to spot market procedures and on a "best efforts" basis. This is a temporarily shortened FX deadline. Please refer to Announcement [A23033](#).
- i. **IDR**: When instructing for amounts under IDR 100 million, clients must include certain details as indicated in the [Market Link Guide](#).
- j. **KRW**: CBL cash account in relation to Depository 2K for settlement of Korean government bonds and monetary stabilisation bonds.
- k. **KRW**: Clients must ensure they comply with the local formats as indicated in the [Cash services](#) page of the Market Link Guide - South Korea KGBs and MSBs.
- l. **MXN**: Clients must ensure they comply with the local formats as indicated in the [Cash services](#) page of the Market Link Guide - Mexico.
- m. **MYR**: For details on restrictions on cash instructions, please refer to Cash payments - restrictions on cash instructions in the [Cash Services](#) page of the Market Link Guide - Malaysia.
- n. **MYR**: CBL may be forced to square the FX positions in the domestic market, therefore, the instruction deadline for the case-by-case FX service in MYR is 10:00 CET Winter (VD-1) and 11:00 CET Summer time (VD-1), subject to the threshold limit of MYR 8 million for Buy instructions. For instructions above the threshold limits or received after the instruction deadline, CBL will execute the FX operation according to spot market procedures and on a "best efforts" basis.
- o. **NOK**: The IBAN should only be used in field :59: of payment instructions via Swift MT103.
- p. **PEN**: Clients must ensure they comply with mandatory requirements for cash instructions as indicated in Announcement [A23057](#).
- q. **PHP**: Pre-advices and withdrawals of PHP must include "REC/RTGS" in the instruction (that is, in field :72: Sender to Receiver Information in Xact via Swift or Xact File Transfer).
- r. **RSD**: Clients must ensure they comply with the local formats as indicated in the Cash services page of the Market Link Guide.
